

Your newspaper is YOUR SHOPPING GUIDE!

In newspapers the news of better products and services is as important to today's modern family as that of current events or features concerning home and family, food and fashion, hobbies and health.

For newspapers are the medium by which most people shop. No other medium supplies the variety and detail of advertising by which one may compare prices and benefits and choose the comforts and conveniences that make for a full living standard.

There's much significance in this for local advertisers. For only in the newspaper can people of all age and income groups find the information and inspiration so necessary for good citizenship and for the enjoyment of a better way of life.

And because newspapers gain their friendship and regular readership, newspaper advertisers are provided the most productive medium of communication with customers.

Wallace Announces Re-opening Of Camp Elba This Friday

Camp Elba re-opened today after being closed for more than a year. Mayor Dozier Roberts received a telegram from Governor George Wallace Monday announcing the re-opening of Camp Elba after the past administration had ordered the camp closed. The camp is made up of nice buildings in a beautiful setting in Southwest

Elba, Capt. Fred Harper, who is in charge of the camp, as before, will have most of his same crew back to work, including the cooks.

The camp officially opens tomorrow, February 1st, but everyone has arrived at the camp and dinner is being prepared there today.

The re-opening of the camp means a payroll for this area of approximately \$7,000 each month. About fifty laborers have been transferred to Camp Elba. The camp will accommodate eighty laborers.

Personnel at the camp includes Capt. Harper, two office men, one engineer, one steward, one equipment operator, ten guards and ten trucks.

HENRIETTE DORSEY, daughter of Mr. and Mrs. Henry A. Dorsey, Elba, Miss Gulf Park, the highest honor conferred upon a student by her fellow students at Gulf Park College, Gulfport, Mississippi.

Miss Dorsey, wearing an ankle-length spring formal and carrying red roses, was presented by President H. Preston James at the annual Spring Fashion Revue, Miss Dorsey received many honors during her two years at Gulf Park. She is president of the student body and secretary of the YWCA.

She is a member of the Sigma Psi Iota social sorority, Athletic Association, Glee Club, and Jet Maskers.

The presentation of Miss Gulf Park was the climax of the annual Spring Fashion Revue, which was held in the college auditorium on Friday night, January 25. "Big Top Fashions" consisted of

cruise clothes for play, daytime, cocktail, and evening occasions. Each group was introduced by dances and acrobatics presented by members of the Dance League who represented clowns, tight rope walkers, and trapeze artists against a background of circus scenes.

Featuring clothes from scores in New Orleans and the Mississippi Gulf Coast, the fashion show was presented by the merchandising class of Gulf Park College.

The award was one of 12 awards given American soldiers who distinguished themselves in bitter fighting at Ap Bac early this month.

In the fighting three Americans were killed and eight U.S. helicopters were shot down.

Gen. Wheeler told Harper and the others, "The Army is proud of you and your comrades who have passed on. The American people are proud of you, God bless you."

The entire proceeds, approximately \$175 went to the March of Dimes fund from the tournament. At this time more than \$500 has been realized for the 25th March of Dimes Anniversary drive in Coffee County.

Serving as chairman for the 1963 March in Coffee County are Jerry Brown and Paul Morrow, of Elba.

General Earle G. Wheeler, touring south Viet Nam on a special mission, presented a distinguished flying cross to CWO Joseph M. Nikel of Opp for his part in an action last June 13.

Nikel, a helicopter pilot, was cited for landing his craft in near darkness on a mountain peak to evacuate 10 seriously wounded men. Two of them were Americans. Nikel volunteered for the mission.

"It takes a special brand of courage to do what you men are doing here every day," Wheeler told Army helicopter men.

Wilson New MD In Opp, Former Coffee Resident

Dr. H. Q. Wilson, medical practitioner of Atmore for the past four years, will move to Opp in mid-February to launch his practice there.

Dr. Wilson, a native of near Kinston, will have his offices in the suite formerly occupied by the late Dr. J. C. Hurst, who died in November.

Mrs. Pauline Hurst, widow of the physician, has announced that Dr. J. T. Huggins, Opp dentist, has purchased the Hurst Clinic Building and now conducts his dental practice there.

Dr. Huggins and Dr. Wilson are friends of long standing and served in the Navy together during World War II.

A graduate of Kinston High School, Dr. Wilson entered the University of Alabama after completing his naval career. He received his Bachelor of Science degree in 1953 and his medical degree in 1957.

For the past six months, Dr. Wilson has attended the University of Tennessee Medical School for post graduate studies in Radiology.

Harper Cited For Bravery In Viet Nam Bloody Battle

An Alabama soldier received the Bronze Star Medal Friday for bravery during the bloody Ap Bac battle in Viet Nam January 2.

The decoration went to PFC James H. Harper, son of Mrs. Basil Whitman, of Elba. His wife, Elizabeth Herring Harper, lives at New Brockton.

The medal was presented by Gen. Earle G. Wheeler, U. S. Army Chief of Staff, who decorated several members of the U. S. Army helicopter forces for their part in the Ap Bac battle.

The citation which accompanied Harper's medal said that on a fourth mission into the assault zone his aircraft was subjected to heavy ground fire and although damaged, Harper flew it back to the staging area.

He "made rapid and expedient repairs, enabling the aircraft to once again return to the landing zone with sorely needed reinforcements," it added. "He then voluntarily exposed himself to fire to carry friendly wounded to his aircraft for evacuation."

structured or operated. It is encountered in the home through accidental leakage of manufactured gas from open burners and defective appliances. This gas is found in many industries, particularly coal mining, in the steel industry, and in gas manufacturing.

Most persons know about the carbon monoxide content in the exhaust of internal combustion engines — namely, automobile motors. This subtle and treacherous gas is lighter than air, nonirritating, colorless, tasteless, and in moderate concentrations,

TRAVELING ALABAMA

BY JIM HART
ASS'T DIRECTOR
ALABAMA PETROLEUM COUNCIL

"THE FREE STATE OF WINSTON"

This week we travel to Northwest Alabama and visit a county almost nationally famous as the "Free State of Winston." Winston County, for over a century, had as its chief claim rugged independence in politics, but not anyone. Today thousands

of tourists flock to this beautiful section of our State to visit the Natural Bridge of Alabama.

Nestled some 10 miles south of Haleyville on Highway 5 (about half-way from Cullman to the Mississippi line) the interested traveler will find one of nature's most unique and inspiring phenomena in Alabama—a natural bridge 148 feet long, 60 feet high and 33 feet wide, fashioned out of rock.

It is the longest natural rock arch east of the Rocky Mountains and is the only known twin-bridge, so carved by nature where a smaller arch 24 feet long connects the main arch with the ravine side.

Open twelve months a year there are guided tours, plenty of parking space and a comfortable concession building with souveniers and restrooms. This rugged, wild beauty spot is truly a Camerita Haven so make sure you have your camera and a limber shutter.

We promise you'll be kept busy. If picnicking is your like, there are many well-kept picnic spots nestled back into natural surroundings with tables and benches convenient for small or large parties. Here's an excellent opportunity to take the family out for an entire day and to eat lunch at this picnic site, which is free-of-charge.

This Natural Bridge was formed thousands of years ago and its beauty has been left completely undisturbed for the visitor. Lavish ferns trail down the walls and grow in abundance on the floor beneath the two arches. Mountain peaks, snow-capped bushes and the giant magnolias, whose flowers span a width of fourteen inches, are still to be found in nature's original setting. Why not plan a trip there soon. I found it breath-takingly beautiful. I'm sure you will too. Before starting out stop by our service station and ask for a map. He'll be glad to help you.

STATE PARKS
Fort Rucker is a virtually self-contained village with government, state, local or federal, . . . but in the case of Alabama's State Parks this is just not true. We have a State not only richly blessed with

beautiful mountains, rivers, and beaches but with people interested enough in seeing that these facilities remain attractive and useful. A dozen State Parks have been set up in Alabama.

Alabama's State Parks are located throughout this State, from northern to south, east to west, and they have overnight accommodations for visitors. They also offer the weary traveler good recreational facilities on river banks, lake shores, mountain tops, in forests and at gulf shores.

Cheaha State Park, near Talladega, is on Mount Cheaha, highest point in Alabama, from which great panoramas of blue and green mountain scenery may be enjoyed. DeSoto State Park, near Fort Payne, is famous for its Desoto Falls and Little River Canyon, its annual Rhododendron Trail, and its many other scenic beauties. Chevala State Park, with its lake, fishing, scenic rides, is almost an extension to the Auburn University campus.

Monte Sano State Park, near Huntsville, there is a "Dude Ranch" with fifteen modern cabins constructed of native stone. Other State Parks include the historical Mound State Park at Moundville, Joe Wheeler State Park near Florence, and Little Mountain State Park at Guntersville. South of Birmingham, in Central Alabama, there is Oak Mountain State Park. At Gulf Shores, in South Alabama, there are two State Parks, Fort Morgan State Park and Gulf State Park offer much that will interest both the casual visitor and the dedicated tourist.

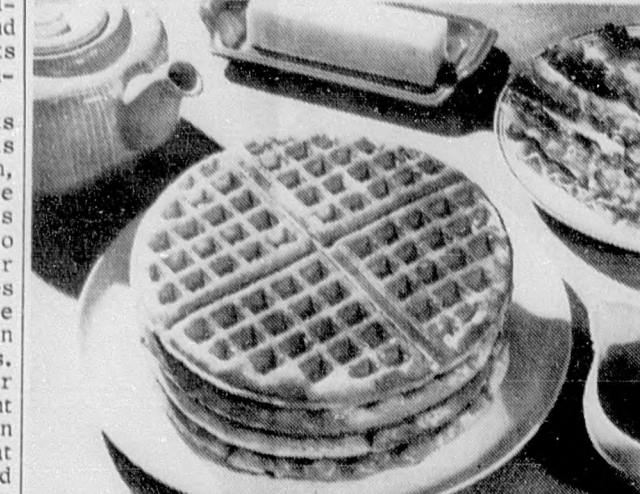

These State Parks are one area open to Alabama citizens and visitors to our State. There are literally hundreds of roadside parks and many, many other interesting sights in this great State. During the coming months why don't you plan to take your family to at least one of them.

The State Parks are administered by the State Conservation Department at Montgomery, from whom you can get complete information on any one or all of these mentioned. For directions to the Park in your area, ask your service station operator. . . he'll be glad to help you.

NEW HOPE PTA
The New Hope P. T. A. met on January 3, 1963. The vice president, Mr. Ed Fillinger, called the meeting to order. The secretary, Mrs. Estelene Helms, read the minutes of the last meeting. The devotion was given by Rev. Gerald Fordham, pastor of the New Hope Baptist Church. The treasurer, Mrs. Eutoka Johnson, gave her report.

A program on physical fitness was given by some children and a short film on schools in Ala. was shown. Mrs. Estelene Helms and Mrs. Estelene Helms were in charge of the program. Hostesses for the social hour were Mesdames: James Wilson, Sara Tillman, Coley Killingsworth, Houghton Hight, and Estelene Helms.

Deliciously Crisp Waffles Ready In A Jiffy

Whip up some waffles, why don't you, especially these days when the mercury's low. They're "busy-day" easy and quick to make. This recipe for basic waffles directs you to fold stiffly beaten egg whites into the batter made of enriched softening flour, egg yolks, melted butter or margarine and milk. This step will give you waffles that are light and tender inside while the outside is crisp and golden brown.

The traditional breakfast of hot waffles with syrup and bacon strips will stand you in good nutritional stead for full winter days. The softening flour is enriched to supply you generous amounts of three B-vitamins, food iron and calcium. Listed below are several other waffle ideas you might try in addition to plain waffles with syrup.

Waffles
2 eggs, separated
1 cup melted butter or
1 cup milk
2 cups sifted enriched
softening flour
Boat egg yolks. Add butter or margarine and milk. Stir into flour and mix until smooth. Fold in stiffly beaten egg whites. Bake in waffle maker until golden brown. Makes 4 servings.

* Hot spiced applesauce over waffles topped with little pork sausages.

Waffles topped with creamed turkey, chicken or ham. Chopped dates, nuts, apple, raw cranberry or raisins added to waffle batter.

Vets Advised To Get Release Before Selling

During the course of a year, many World War II and Korea veterans throughout the state sell their homes which were purchased under the Veteran's Administration's guaranty or direct loan program, according to Walter C. Head, Jr., Director of the Alabama Department of Veterans Affairs.

Head stated that buyers interested in purchasing property often desire to acquire the home subject to the GI mortgage. "This is legal, of course," he added, "but unless the veteran applies for and receives a 'release from liability' from the VA, he may find himself in financial trouble later on."

The Director stated that, "we in the Department of Veterans Affairs recommend that when a veteran sells his GI home, he should request the buyer to arrange his own financing so that the GI loan may be paid off in its entirety, thus relieving the veteran and the government of all responsibility to the mortgage holder. In addition, under certain circumstances, the veteran could qualify for another loan."

"We realize, of course," Head continued, "this is not always possible. If not, then the veteran should secure a 'release from liability.' Under this plan, the mortgage holder agrees to finance the new buyer and the VA continues the guaranty, but the veteran is free of all future responsibility."

Head stated that the most common practice in selling GI homes is for the veteran to just "sell his equity" and let the new owner "take up the monthly payments. But, he added, "our Department wants to warn these veterans to check carefully the credit rating and reputation of any prospective buyer in these cases before the sale is closed, because in the event there is a forfeiture in the future by any subsequent owner and the government suffers a loss on its guaranty, then the original veteran-owner will be called on to make up for the loss."

Details on securing a "release from liability" may be had by contacting any County Service Officer of the Department of Veterans Affairs. In Coffee County, the Service Officer is Maxwell A. Reeves and his office is located in the courthouse in Elba and Enterprise.

WE GOOFED -

In the report of the Elba Junior Miss contest last week, sponsored by the Elba Jaycees, that the \$300 scholarship was presented to the winner by business men of Elba. This scholarship was a gift from the professional men of the city and the Jaycee members.

The Junior Miss winner was also presented a suit by a local business firm. Walter "Smitty" Smith was chairman of the Junior Miss contest.

CARD OF THANKS

We wish to express our appreciation for every act of kindness shown to us during the sickness and death of our father, Sol H. Harrison. Especially Dr. J. M. Kimmy. May God richly bless each of you in our prayer. The Sol H. Harrison family

Borrow On GI Insurance

Money needed to meet financial emergencies can be obtained by veterans holding permanent GI life insurance without surrendering their policies for cash. Veterans Administration officials at the Montgomery Regional Office reported today that in the post-holiday bill period and the upcoming income tax payment time, many Alabama veterans inquired about the procedure for surrendering their one-held policies for the cash value without realizing they can borrow up to 94 per cent of that cash value and leave the policy in force.

John D. Chapman, Contact Officer, pointed out that once surrendered for cash, all protection under the insurance ceases forever, since the GI policy is cancelled and cannot be renewed or reinstated.

However, if a loan is obtained on the cash value of the policy, only the amount of protection for the veteran's beneficiaries is reduced and any or all of the amount may be repaid at the convenience of the borrower. The only set charge against the borrower is the four per cent annual interest charge which must be paid on or before the due date.

Should a veteran borrow on his GI insurance and then die before repaying the loan in full, the outstanding indebtedness will be deducted from the policy proceeds before the latter is paid to the beneficiaries.

Rural Carrier Kelley Awarded Safety Badge

Sam G. Kelley, the rural carrier of Rt. No. 1 Jack, Ala., was awarded a safe driver award by the National Safety Council and the U.S. Post Office Dept., for 10 years of accident-free driving. The award consisted of a gold lapel badge and an embossed card presented to him by the postmaster.

These awards are made each year by the Post Office Dept. to convey to the carriers appreciation for the accident-free service they rendered. This carrier drives a total of 466 miles each week to serve the patrons of Route No. 1.

Mr. Kelley is a resident of Victoria Community. He is married to the former Betty Kendrick and they have three children, Kathy, age 10, Phyllis, age 15 and David, age 8.

With extremely cold weather already recorded-and more sure to come-two big questions stand out in the gardener's notebook this week: Should dead foliage on shrubs be removed? and

just below where they were split or frozen. If large limbs or branches are removed, the cut surface should be clean and smooth to help drain water off the cut.

Finally, paint all wounded or cut surfaces with a wound dressing or tree paint to promote healing and retard decay.

In answer to the second point, Speed pointed out that many gardeners tend to be a little over-protective. "As a matter of fact," he

said, "more shrubs are probably damaged by protecting them than the damages from cold weather."

He explained that protecting plants from cold does not mean completely covering with a quilt, blanket, or sheet of plastic. "If you use plastic to completely cover plants such as azaleas, camellias, or gardenias, you are inviting trouble," Speed declared. "This sets up a dangerous condition with those plant parts touching the plastic. Those parts

freeze more rapidly than the ones uncovered. The most severe damage occurs when the sun rapidly warms the air in the enclosure of plastic (or other material). With later freezing weather, the plants become weakened more or are killed outright."

He recommended a wind break or shelter-you can make one with a simple frame and burlap bags-for plants susceptible to cold or for plants which produce flowers

If you're having a party and don't have enough ash trays, here's a way to make fast substitutes. Use a regular ash tray for a mold and shape aluminum foil around it. These are heat proof and can be discarded.

Gingerbread burns very easily. Prevent this by putting a small pan of water below the pan of gingerbread while it's baking.

WHAT IF THERE WERE NO STORES IN ELBA ?

Imagine your dismay and exasperation, if you woke up one morning to find that every store had disappeared from town? Need a pack of cigarettes, a tube of toothpaste, a loaf of bread? You'd have to travel miles and miles, or send away to a catalog house. You wouldn't like this...even a little bit!

You wouldn't want to live in a town without stores. You want stores NEARBY for the things that can't wait. Like a prescription that must be filled in a hurry. Or a new shirt when your supply runs out. But every time you go out of town for something you DON'T need in a hurry, you make it that much harder for local stores to stay in business and be on hand to serve your

"convenience" or "emergency" needs. Out-of-town buying hurts them, hurts your home...and ultimately hurts you! The dollars you spend at home help pay local taxes and maintain local services, employment and business stability. Most important, they help keep local stores in business for YOUR convenience. It pays YOU best to shop hometown stores FIRST for ALL your needs! The money you spend here does DOUBLE DUTY for you.

IT CAN'T HAPPEN HERE... IF YOU SHOP AT HOME

Employment Drops In Coffee - Cause, Seasonal Agricultural

In mid-December total employment in Coffee County was estimated at 8,570, reflecting a drop of 1,390 from the September figure. The current level, however, was 90 above that for December 1961. A seasonal decline of 1,440 agricultural workers accounted for the sharp decrease. The nonagricultural segment increased from September to December, as a result of an increase in wage and salary employment of 40 above the September level and 200 above the estimate for December 1961.

The manufacturing division reached a total of 2,900, which was 20 more than in September and 100 above the estimate for a year ago. During the three-month period 50 additional workers were employed in food processing and ten more in textile and apparel. Lumber and wood products, however, showed a decrease of 40, due primarily to weather conditions. Nonmanufacturing employment total 2,780, up 20 from September and 100 above the year-ago estimate. Wholesale and retail trade increased 30 over the three-month period and transportation, communication and public utilities showed a gain of 10. Service establishments, on the other hand, recorded a loss of 20 workers from mid-September, but an increase of 110 over December 1961.

KINNIE W. ADKISON

Kinnie W. Adkison, 77, died Thursday, January 31, at his home in Elba. He was born in the once free Republic of Latvia, which is under the heel of Soviet Russia. For many years he traveled in his own country with the message of Salvation until the treacherous Soviet invasion, when thousands of innocent people were arrested and deported to Siberia. With many other victims of the Soviets the Knezhna's with their children, were forced to flee their native land. Every patriotic American should hear this timely message of warning and information. His message will be, "Christianity or Communism."

The Reverend Welby Bozeman, pastor of Westside urges everyone not to miss this rare opportunity. The danger of Communism is real and it is "Later Than You Think."

As a Missionary, who has gone through the Communist mill in Europe personally, Mr. Knezhna's unique message is proving a blessing to many people.

Negro School To Teach Civil Defense

The Mulberry Heights High School will sponsor a compact Civil Defense Adult Education Program beginning February 18, 1963, in the Vocational Agriculture Department of the school.

The purpose of the program is to teach some essential basic principles in surviving in case of a nuclear war. Every citizen should know how to survive an attack and live for our country's recovery.

The course is sponsored through the State Civil Defense Adult Education Office. It will cover such things as: The effects of nuclear war weapons. The effects of conventional, chemical, and biological weapons and protection measures. Personal survival actions and many other important phases of personal preparedness in this nuclear age.

All persons out to school are eligible to attend. The length of the course will be twelve hours, consisting of six two or four hour meetings.

Each participant will be awarded a certificate, providing that he doesn't miss a meeting.

The course will be taught by James I. Dawson, Teacher of Vocational Agriculture, who has just recently completed an extensive course in civil defense sponsored by the State Civil Defense Adult Education Program.

Max Bowden, Superintendent of Elba City Schools and W. M. Patton, Jr., Principal of Mulberry Heights High School will be the coordinators of the program. For further information concerning the program and enrolling, contact W. M. Patton, Jr. or James I. Dawson at the Mulberry Heights High School.

Watch for further announcements in the Elba Clipper.
